2. yahoo mail setting

2.1 enter into Yahoo mail setting, set -account info-Account security ,to start Two-Step-Verification and enable APP Password.

The screenshot shows the Yahoo! Mail web interface. At the top, there is a search bar and navigation links for 'Search Mail' and 'Search Web'. Below the navigation bar, there are icons for 'Compose', 'Archive', 'Move', 'Delete', 'Spam', and 'More'. The main content area displays a list of emails from 'Yesterday', including two from 'Yahoo' with subject lines 'Two-step verification activated for your account' and 'Sign in attempt prevented'. On the right side, a settings menu is open, listing options such as 'Themes', 'Settings', 'Ad Free Mail', 'Get the App', 'New Features', 'Help', 'Keyboard Shortcuts', 'Send Feedback', 'Privacy', 'Terms', 'About our Ads', and 'Account Info'. The 'Account Info' option is highlighted with a red rectangular box.

Two-step verification
Additional security.

开启两步验证

Allow apps that use less secure sign in

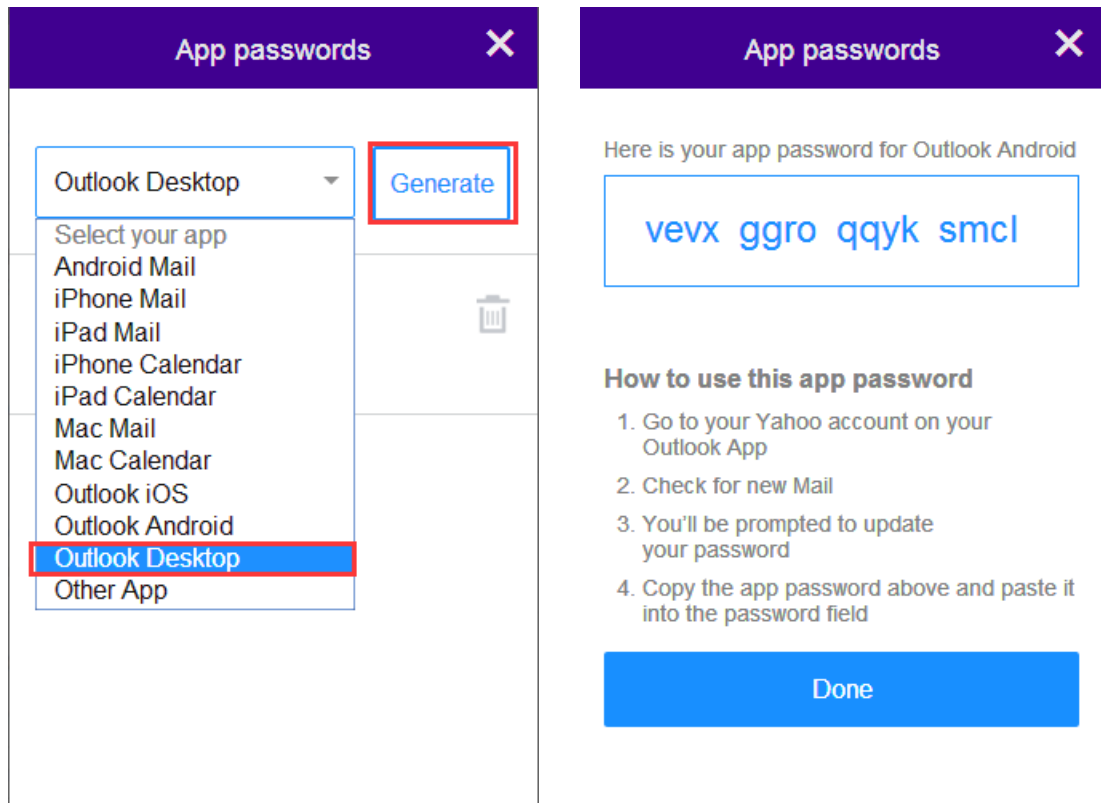

Some non-Yahoo apps and devices use less secure sign-in technology, which could leave your account vulnerable. You can turn off access (which we recommend) or choose to use them despite the risks.
