**NOTE:**

The LCD-NVR of CTRONICS CT-WNK-02C does not support SSD and only supports HDD 2.5" with thickness of 7.0mm and 9.5mm. Besides, certains HDD may not be installed into the HDD slot of LCD-NVR due to their special interface. Hereby we suggest to use the HDD in this list which have been tested and approved for their compatibility. For HDD not in this list, customers may contact ou our service department to confirm the compatibility.

**REMARQUE:**

L'enregistreur du système CT-WNK-02C de CTRONICS n'accept pas le SSD et accepte seulement les HDD 2.5" d'épaisseur 7.0mm et 9.5mm. D'ailleurs, certains HDD ne peuvent être installés dans la fente de l'enregistreur à cause de leur interface spécial. Par conséquent, nous conseillons de choisir parmi les HDD dans cette liste qui ont été testés et validés pour leur compatibilité. Pour les HDD qui ne se trouvent pas dans la liste, les utilisateurs peuvent contacter notre SAV pour confirmer la compatibilité.
